do you want to be a certified project manager this book combines operational and human skills into flexible proactive framework it focuses on the human element that is critical to project implementation and completion it also provides an intuitive five step approach for collecting the necessary information to plan schedule and control a project also features examples case studies and analysis for each phase of a typical project to ensure that each project you manage meets its goals on time and on budget provides proven guidelines for managing projects from both the operational and behavioral standpoint

as the market leading textbook on the subject project management the managerial process is distinguished by its balanced treatment of both the technical and behavioral issues in project management as well as by its coverage of a broad range of industries to which project management principles can be applied it focuses on how project management is integral to the organization as a whole the text not only delivers the tools and processes is essential to successful project management but also an understanding that the effectiveness of these tools and methods are shaped and determined by the prevailing culture of the organization and interpersonal dynamics of the people involved as such larson gray presents a holistic view that focuses on methodology as well as the human dimension and how they interact to determine the outcome of projects connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need when they need it and how they need it so that your class time is more engaging and effective

as the market leading textbook on the subject project management the managerial process is distinguished by its balanced treatment of both the technical and behavioral issues in project management as well as by its coverage of a broad range of industries to which project management principles can be applied it focuses on how project management is integral to the organization as a whole the text not only delivers the tools and processes is essential to successful project management but also an understanding

that the effectiveness of these tools and methods are shaped and determined by the prevailing culture of the organization and interpersonal dynamics of the people involved as such Larson Gray presents a holistic view that focuses on methodology as well as the human dimension and how they interact to determine the outcome of projects Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need when they need it and how they need it so that your class time is more engaging and effective

Project Management 8e provides a holistic and realistic approach to project management that combines the human aspect and culture of an organization with the tools and methods used. It covers concepts and skills used to propose, plan, secure resources, budget, and lead project teams to successful completion of projects. This text is not only on how the management process works but also, and more importantly, on why it works. It is not intended to specialize by industry type or project scope; rather, it is written for the individual who will be required to manage a variety of projects in a variety of organizational settings. 8e was written for a broad range of audiences, including project managers, students, analysts, and project management institute members preparing for certification exams. The digital component, Connect Now, has enhanced algorithmic problems, application-based activities, SmartBook 2.0, and practice operations, a game-based 3D operations management simulation.

Project Management The Managerial Process 6e

Projects continue to grow larger, increasingly strategic, and more complex, with greater collaboration, instant feedback, specialization, and an ever-expanding list of stakeholders. Now more than ever, effective project management is critical for the success of any deliverable, and the demand for qualified project managers has leapt into nearly all sectors. Project Management provides a robust grounding in the essentials of the field, using a managerial approach to both fundamental concepts and real-world practice designed for business students. This text follows the project life cycle from beginning to end to demonstrate what successful project management looks like on the ground. Expert discussion details specific techniques and applications while guiding students through the

diverse skill set required to select initiate execute and evaluate today s projects insightful coverage of change management provides clear guidance on handling the organizational interpersonal economic and technical glitches that can derail any project while in depth cases and real world examples illustrate essential concepts in action

as the use of project management to accomplish organisational goals continues to grow skills related to understanding human behavior evaluating organisational issues and using quantitative methods are all necessary for successful project management meredith and mantel have drawn from experiences in the workplace to develop a text that teaches the student how to build skills necessary for selecting initiating operating and controlling all types of projects
